ACADEMIC CALENDAR

Academic Year 2023-24

(From Ka-Shreni to Class VIII)

Prepared by
State Council of Educational Research and Training, Assam
Kahilipara, Guwahati - 781019

ACADEMIC CALENDAR 2023-24

Salient Features of the Academic Calendar

- The Morning Assembly will be held daily at the scheduled time. The Rastriya Sangeet or the Jatiya Sangeet will be sung during Morning Assembly everyday.
- For development of good habits leading to good health of the learners of primary level, every teacher should give importance on the following aspects-
 - ✓ Sanitation habits
 - ✓ Eating healthy food and drinking safe and pure water
 - ✓ Cleanliness
- Break-up of School hours as follows:**
 - 1. Pre-Primary Level-2 hours 30 minutes**

Distribution of Time:

Morning Assembly-	15 Minutes
Instructional hours-	3 hours 15 minutes
Recess-	30 minutes
 - 2. Lower Primary and Upper Primary Level-6 Hours 25 Minutes (9.00 a.m. to 3.25 p.m.).** Students should remain in the school premises during school hours-

Distribution of time:

Morning Assembly-	15 Minutes
Instructional hours-	5 hours 25 minutes
Short break-	10 Minutes
Mid day Meal & Recess-	35 minutes
- In 2023-24 total number of working days: 254 and total number of class days: 230
- Local holidays have to be observed as per announcement of the district authority.
- Condolence meeting on the demise of any important national/state personality or any revered person of the locality will be held after the last period of daily routine. No holidays or half holidays will be announced without prior permission of the District Authority.
- Changes in the Academic Calendar may be made only as per orders and intimation from the Government.
- For the convenience of students of tea garden areas, the school timings have been decided from 7.30 a.m. to 12.15 p.m for lower primary and 7.30 a.m. to 1.00 p.m. for upper primary classes
- In Barak Valley/other districts, the number of Puja holidays can be increased upto 10 days by decreasing exact number of summer holidays taking prior permission from the authority so that the number of working days remains the same.
- The loss of academic time due to flood and other calamities/bandhs must be compensated by transacting classes on Sunday/other holidays and after the last period of working days.
- Cluster Resource Teachers' meeting, Centre meetings and Zonal meeting for upper primary level will be held on a Saturday of every month without hampering normal classes.
- Special care should be taken for the differently abled children by carrying out activities adapted from the curriculum according to their needs & weaknesses in classroom situations.
- Parent-Teacher meetings are to be held at least once a month to inform the parents about the attendance, learning ability, academic progress and development of personal-social qualities of their ward.

Nipun Asom

(A State Mission/Initiative to Ensure Foundational Literacy and Numeracy)

- National Education Policy, 2020 has put emphasis on acquiring skills of Foundational Literacy and Numeracy for children from pre-school stage. Based on this education policy, the children between 3-9 years of age, i.e. from pre-school stage to class-III, it is to be ensured that they achieve the LO's of Foundational Literacy and Foundational Numeracy within 2026-2027. To achieve this objective, Govt. of India has launched an initiative called- 'Nipun Bharat'. With the same objective, the government of Assam has launched the initiative as 'Nipun Asom' and has undertaken necessary administrative and educational programmes to make it a success. To successfully implement 'Nipun Asom' co-operation and suggestions from everyone must be ensured.
- The activities under NIPUN ASOM mission shall be implemented for the children of 3-9 years in all schools from Pre-primary stages to Class-III. Similarly, the teachers will support the students of Class-IV and Class-V in the direction for acquiring 'Foundational Literacy and Foundational Numeracy'. To fruitfully implement this mission, the primary functions of the schools and the teachers are-
1. In the first three months of the beginning of the academic year, the children will be enrolled under 'Vidya Pravesh' programme.
 2. To make proper use of the teaching-learning materials along with the provided textbooks.
 3. The learning level of each student should be assessed as per the instructions provided for taking appropriate complementary measures accordingly.
 4. The learning outcomes should be hanged upon the walls of the classroom.
 5. Participate in various training for teachers from time to time. For-eg-all teachers' participation must be ensured in the NISHTHA training organised in collaboration with NCERT, SCERT and SSA.
 6. Everyday from Class I to Class III, 90 minutes for Mathematics should be included and properly utilised in the daily lesson transaction periods. The teacher will accommodate these periods as per their convenience following the daily timetable model mentioned in the Academic Calendar.
 7. The classroom transactions should be done in the serial order following the manner of 'Instructional Designs' provided to the teachers.
 8. The assessment data of each student should be kept accurately.
 9. Additional support to be provided to the learners for achievement of the LOs as required.
 10. Classrooms should be developed in a print-rich environment.
 11. In order to successfully implement the 'Nipun Asom' mission, the SMC will try to establish good relations with the parents, guardians, local community, all the officials of the education department, the education training institutes and so on.

Vidya Pravesh

- To ensure that all students are school ready, an interim 3-month play-based 'school preparation module' for all Grade I students consisting of activities and workbooks around the learning of alphabets, sounds, words, colours, shapes and numbers and involving collaborations with peers and parents as suggested by NEP-20 has been developed by NCERT, New Delhi and translated/adapted by SCERT, Assam in Assamese & 7 others mediums of instruction.
- Vidya Pravesh is one of the essential components of NIPUN BHARAT-National Mission on Foundational Literacy & Numeracy, an initiative of the Government of India. This document intends to address the developmental & learning needs of all children who enter Grade-I and who may or may not have any preschool experience. This document will facilitate teachers to make children's entry in School education smooth, fearless & joyful. The School preparation programme is suggested to be designed and implemented for initial three months of Grade-I which can be transacted for four hours per day. It follows a play-based pedagogy and promotes experiential learning with emphasis on the use of developmentally appropriate activities and local play materials.

Sustainable Development Goal 4.7

- 1. SDG 4.7**
SDG 4.7 mentions, "By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and culture's contribution to sustainable development."
- 2. Education for Sustainable Development (ESD)**
ESD empowers learners to make informed decisions and responsible actions for environmental integrity, economic viability, and just society, for present and future generations, while respecting cultural diversity. It is about lifelong learning and is an integral part of quality education.
- 3. Global Citizenship Education (GCED)**
GCED nurtures respect for all, building a sense of belongingness to common humanity and helping learners become responsible and active global citizens. GCED aims to empower learners to assume active roles to face and resolve global challenges and to become proactive contributors to a more peaceful, tolerant, inclusive, and secure world.
- 4. SIX SUB-THEMES**
 - **Sustainable Development:**
Sustainable Development, Ecology, Environmental Education, Environmental Sustainability, Climate Change, Renewable Energy Sources, Waste Management, Economic Sustainability, Social Sustainability
 - **Human Rights**
Rights, Democracy, Freedom, Social Justice, Human Rights Education
 - **Peace and Non-Violence**
Peace, Abuse/Harassment/Violence, Peace Education, Value/Moral Education
 - **Global Citizenship**
Globalisation, Multiculturalism/Interculturalism, Global Citizen, Migration/Immigration, Global Competition, Global-Local Thinking, Global Inequality, Digital citizenship, contemporary global conflict-related issues
 - **Gender**
Gender Equality, Gender Equity, Gender Sensitivity, Gender Parity, Empowerment
 - **Diversity**
Cultural diversity, Ethnicity/Race, Socio-Economic Factors, Indigenous, Religion, Disability

The Aims, Objectives and Assessment Provisions of the Pre-Primary Classes

The objectives of Pre-Primary education are-

- To create environment for preparing the children to be school-ready.
- Providing support for holistic development of the child.
- To prepare and encourage the children for formal education.

The aims for holistic development of the child are-

- 1) Children will be entitled to good health and lead a healthy life.
- 2) The children will be able to communicate successfully.
- 3) The children will relate to their contextual environment for learning.

(The aims of these developments are inter-related. The purpose is to provide opportunities for the child to ensure all-round intellectual, linguistic, social/emotional and creative development of their abilities)

Record of the child's progress/assessment of the learning standards:

- The following procedures should be adopted in determining the level of assessment for child's learning-
- Each child will create a portfolio. This will help the teacher in keeping track of the progress of each child.
 - Observation of the child who is involved in different learning experiences.
 - Ensure that the purpose of the child's observation is clear in the learning process.
 - Ensure that each group is monitored while the children are involved in small group activities.
 - Write anecdotes based on observation. Observations should be neutral. Ensure that the assumptions or notions do not affect the observations. Therefore describe the behaviour of the child rather than evaluating it.
 - While assessing each child's progress try to determine how much they have learned at the earlier stage. Don't seek to compare a child's individuality with the other.
 - After completing the third stage of assessment, store and collect information of each child to help them in future, plan their learning experiences, to discuss with parents or guardians and, design the plan of action accordingly as needed.

Curriculum for Pre-Primary, Lower Primary and Upper Primary Levels

(A) Lower Primary level (Class I – Class V)

Subjects

- **Language1:** Mother tongue or Medium language)

■ Language 2

- ✓ English, for vernacular medium schools
- ✓ Any Regional Language (Assamese/Bodo/Bengali) for English medium schools.

■ Mathematics

■ Environment Studies (Integrated with Language and other subjects in class I & II)

■ Health and Physical Education

■ Art Education

(B) Upper Primary Level (Class VI-Class VIII)

- Mathematics ■ Science ■ Social Science ■ Health and Physical Education ■ Art Education

■ Work Education ■ Language

Model (A): Assamese Medium

L1= Assamese

L2= English

L3 + L4 = L3= Hindi 50%

L4= Bodo/Bengali/Garo/Manipuri/Nepali/Tiwa/Tai/Rabha/Deori/ Mising/Bishnupriya Manipuri/Sanskrit/Arabic

Or

L3= Hindi 100%

Model (B): Bengali Medium

L1= Bengali

L2= English

L3 + L4 = L3= Assamese 50%

L4= Bodo/Hindi/Garo/Manipuri/Nepali/Tiwa/Tai/Rabha/Deori/ Mising/Bishnupriya Manipuri/Sanskrit/Arabic

Or

L3= Assamese 100%

Model (C): Bodo Medium

L1= Bodo

L2= English

L3 + L4 = L3= Assamese 50%

L4= Bengali/Hindi/Garo/Manipuri/Nepali/Tiwa/Tai/Rabha/Deori/ Mising/Bishnupriya Manipuri/Sanskrit/Arabic

Or

L3= Assamese 100%

- There will be similar models for medium of instruction in addition to Assamese, English and Hindi medium schools. L2 will be Assamese for English medium schools. L3 will be Hindi for Assamese and English medium schools. L3 will be Assamese for Hindi medium schools.
 - L4 cannot be the same as L1 (MOT) or L3 for students who opt for L4.
- (The Above mentioned Language Policy is incorporated here as per Govt. Notification Number: PMA.329/2012/194 dated 18/12/2019)

Gunotsav: An innovative step to expand qualitative education

Since 2017, Gunotsav has been organised in the schools of the state. The main aim of Gunotsav is to determine the standards of learning along with the development of the qualitative education of the learners. Besides, it also aims at identifying the learning gaps of the learners and provide necessary supportive measures to determine the equal standards for all the students.

As per the Govt. notification no E254529/18 dated 09-12-2022, to develop the qualitative standard of education and to establish the importance of Gunotsav, it has been fixed that 10 marks from Gunotsav to be taken for the annual examination of the schools.

As per Samagra Siksha, Assam letter No. SSA-15015/101/2022-ESTABLISHMENT-SSA dated 30-01-2023, it has been fixed that the time table for Gunotsav to be from 1st Jan-15th Feb, 2024.

Vidyanjali-2.0

Vidyanjali: 2.0 is an initiative taken by the Ministry of Education, Government of India to directly involve community and private sector institutions with government and government aided schools. The government has launched this scheme to strengthen government schools with the co-operation/donations of society and private institutions. In other words, this scheme provides a platform for everyone to contribute to improve the quality of education in government schools. For the successful implementation of this scheme, the government has developed a portal called Vidyanjali: 2.0.

The portal allows schools to register their names and provide information on various items, equipments, services etc. they require. On the other hand, NGOs, private sector institutions, individuals etc. can register themselves as volunteers on the portal and donate various materials/equipments/other services to any school of their choice.

School Mentoring Programme

Mentoring programmes in schools by institutions of higher learning in Science and Mathematics have been undertaken through the National Discovery Mission. Under this programme, 100 upper primary and composite schools in each district is attached to one of the higher education institutions of science and technology in the state like universities, colleges, IIT-Guwahati, NIT-Silchar, teacher training institutes, IAST etc. Those institutions of higher learning will try to build interest among the students in these two subjects through various seminars, exhibitions etc. for the development of science and mathematics education in the schools under their mentorship. In addition, these institutions will try to make the teaching and learning process in schools effective by forming groups of Science and Mathematics teachers.

■ Regular Classes from Ka-Shreni will be started from 1st April, 2023.

School Twinning Programme

Under this programme, two schools will perform certain activities together. Through this programme the schools will get the opportunity to observe the good practices done at the schools and will be inspired to perform the same in their own school too. The teachers as well as the learners will be able to exchange their views on the steps taken for the teaching learning process done both inside and outside of classroom of the school.

Generally, the school twinning programme has been done between two govt. schools or a govt and private school residing in nearby locality. The activities to be done under this programme are-

- ▲ Organising excursion among the teachers of private as well as govt. schools.
- ▲ Organising workshops, discussions on educational topics jointly.
- ▲ Organise sports and cultural programmes among the students of the two twinning schools.
- ▲ Exchange of teachers between two schools.
- ▲ Celebrate various occasions/days jointly.
- ▲ Organise competitions like quiz, extempore speech etc. jointly.
- ▲ Exchange of best practices done by schools.
- ▲ Conduct cleanliness drives and awareness programmes on environment, bio-diversity, climate, health, hygiene and cleanliness jointly.
- ▲ Present the innovative steps taken by the teachers of one school for effective learning to the other school.
- ▲ Promote local art, craft, music etc. jointly.
- ▲ Expand the local livelihood opportunities.
- ▲ Include the life skills.

Inclusive Education

Inclusive Education provides scope to all students to equally participate in the teaching learning process. All Children include-

- ✓ Children with special needs.
- ✓ Children with different language, caste, religion and background
- ✓ Gifted children and slow learners.

In inclusive education, teacher can change the overall environment of the classroom as per developmental needs of different children.

The overall environment of the classroom includes-

- ✓ Curriculum
- ✓ Textbook
- ✓ Teaching-learning materials
- ✓ Teacher-learner methods and techniques
- ✓ Environment of the classroom
- ✓ Assessment system
- ✓ Teacher's positive attitude etc

Continuous and Comprehensive Evaluation

- Continuous and Comprehensive Evaluation helps in determining the holistic development of children correctly.
- Continuous and Comprehensive Evaluation lays emphasis on children's cognitive, physical, social, emotional and creative development.
- Continuous and Comprehensive Evaluation helps in development of the thinking and reading skills amongst children.
- Continuous Evaluation means regular assessments, recording of learning gaps, analysis of learning gaps, applying corrective measures and giving feedback to teachers and students for enhanced learning.
- Comprehensive evaluation on the other hand ensures covering of both the curricular and the social personal aspects of a student's growth and development. So, comprehensive evaluation analyses holistic development of a child.

Some salient features associated with Continuous and Comprehensive Evaluation:

- Continuous and Comprehensive Evaluation mainly aims at assessing children's qualitative achievement in the teaching learning process.
- Evaluation focuses on the actual level attained by children after a certain period of instruction and proper remedial measures can be taken up after proper discussion.
- The term comprehensive refers to not only the evaluation of the whole curriculum but it also covers the evaluation of a child's ability and interests.
- CCE helps development of the child's personality as a whole, for example: her attitude towards learning social interactions, emotional health, motivation, physical health, strengths, etc.

The spirit of CCE is to identify learning gaps and to provide timely feedback. It is not to compare the achievement of one child with another but with himself/herself.

Tools for Continuous and Comprehensive Evaluation:

- 1) Oral Questions
- 2) Written Questions
- 3) Activities
- 4) Projects
- 5) Group work
- 6) Observation
- 7) Field study
- 8) Quiz/Extempore Speech/Debate Competition etc.

Reflection points for teachers

- Are my children completely involved in assigned tasks?
- Are they able to learn properly?
- Am I able to understand children's varying needs?
- Are there children who are unable to learn? What can I do to motivate them and make learning exciting?

New Education Policy (NEP, 2020)

1. Restructuring school curriculum and pedagogy in a new 5+3+3+4 design
The policy envisages that the present 10+2 structure in school education will be modified with a new pedagogical and curricular restructuring of 5+3+3+4 covering ages 3-18 as shown below -
I. Foundational- 5 years: 3 Years (Anganwadi/Preschool/Balvatika [Ages 3-6])
2 years (Class 1 & 2 [Ages 6-8])
II. Preparatory- 3 years (Class 3 to 5 [Ages 8-11])
III. Middle- 3 years (Class 6 to 8 [Ages 11-14])
IV. Secondary- 4 years (Class 9 to 12 [Ages 14-18])
2. Universal provisioning of quality early childhood development, care and education must be achieved within 2030, to ensure that all students entering Grade 1 are school ready.
3. A National Mission on Foundational Literacy and Numeracy will be set up by the Ministry of Human Resource Development (MHRD) on priority and every student will attain Foundational Literacy and Numeracy (Grade 3) in primary school by 2025.
4. All school children shall undergo regular health check-ups especially for 100% immunization in schools and health cards will be issued to monitor the same.
5. The aim of education will not only be cognitive development, but also building character and creating holistic and well-rounded individuals equipped with the key 21st century skills.
6. There will be no hard separation among 'curricular', 'extra-curricular', or 'co-curricular', among 'arts', 'humanities', and 'sciences', or between 'vocational' or 'academic' streams with increased flexibility and choice of subjects to study.
7. Each teacher will be expected to participate in at least 50 hours of CPD opportunities every year for their own professional development, driven by their own interests.
8. Every student in the country will participate in a fun project/activity on 'The Languages of India', some time in Grades 6-8, such as, under the 'Ek Bharat Shrestha Bharat' initiative.
9. Careful attention must be paid to safety and rights of children and adolescents enrolled in schools particularly girl children- and the various difficult issues faced by adolescents, such as substance or drug abuse and forms of discrimination and harassment including violence, with clear, safe, and efficient mechanisms for reporting and for due process on any infractions against children's/adolescents' rights or safety. Enforcement of child rights in school will be assured by the regulatory system for creating awareness and protecting children from the physical and mental abuse/harassment.
10. DIKSHA will contain e-resources under six component categories to begin with-NCERT textbook based, SCERT textbook based, Learning Outcome based item banks, TPD, Virtual Labs, and Vidyadaan content and will be expanded and uploaded on DIKSHA by 2021-22 academic session.

Digital Initiatives taken by Assam Govt. for ensuring learning for all Children enrolled in schools

□ Energized Textbook

Provisions for incorporating the QR codes in the energized textbook have been made. The teachers and the students will be able to match the digital resources in the internet by scanning the QR code in their smart phones.

- QR codes have been incorporated in 152 numbers of textbooks along with the e-resources available in DIKSHA

□ DIKSHA (Digital Infrastructure for Knowledge Sharing)

The Govt. of Assam has introduced a web-portal named DIKSHA, Assam under the PM e digital initiatives. Multiple numbers of e-contents created by the teachers and the teacher educators of Assam have been uploaded in the Portal. The Video classes telecasted through Swamprabha Channel and the Audio classes broadcasted through AIR are uploaded on DIKSHA, Assam portal. Online Capacity Building Training for the teachers and the teacher educators has been organised for the development of e-contents appropriately.

- The teachers, students and Parents can avail the e-contents related to the Textbooks by downloading the DIKSHA APP in their smart phones and by scanning the QR codes with the help of the scanner.

□ Swayamprabha

Provisions for the Video classes from the primary stage to the higher secondary stage in Assamese medium through Swayamprabha from 24th May, 2020 have been made.

□ Gyan Brikshya

Provisions for broadcasting the live classes for the student of class I to Class X by the experienced teachers through the cable networks named ACC and GTPL.

- These classes are also broadcasted through Jio TV.
- The classes of Gyan Brikshya have been broadcasted live on YouTube and Facebook recently.

□ Biswa Bidya, Assam YouTube Channel

This YouTube channel has been created for the students of classes VI to X. The e-contents for Science, Mathematics, English, Grammar and Vocabulary are available here. The students can easily watch and download the e-contents.

Activities to be done in schools under Youth & Eco-Club

Activities for Youth Club- Organising sports and play within school hours, provision for library class, dance, songs, drama, mime, poem recitation, extempore speech, drawing and painting, collage, debate, quizzes, art & craft (with clay, paper, bamboo, plastic etc), creating objects with waste materials, Science exhibition/Maths exhibition, slogan/poster/dialogue writing, physical exercise, yoga, workshop on technical skills, designing classrooms.

Activities for Eco-Club- Providing assistance in setting-up of fruits and vegetable garden, awareness programmes and projects on environment protection, health awareness programmes/camps, creation of models, awareness programmes and projects on conservation of water energy, climate protection, disaster preparedness and awareness, provision for nutritious meal in the school, community service through cleanliness drive, organisation of public meetings from time to time.

The Use of Information & Communication Technology (ICT) in the Teaching-Learning Process

The teaching-learning process can be made interesting by showing various high-quality films, videos to the students in the classroom using teacher's own Android mobile phone. In addition during the long school closures for Covid-19, teachers were seen preparing and sending e-content such as educational audio/video etc related to the content of the textbook via Whatsapp. Those e-contents can still be used as teaching-learning resources in the classroom.

In schools where government has provided smartboards, projectors etc for smart classes, the teachers may provide equal opportunities of learning to the students of all the classes. The above mentioned resources may be used according to the individual subjects of the teachers to provide learning opportunities to the students One/two periods may be utilised in a week for the same.

State Council of Educational Research and Training, Assam

Classwise Lesson/Unit distribution

Ka-Shreni to Class V

Ka-Shreni	Class 1	Class 2	Class 3	SUBJECT	CLASS-4	CLASS-5
Motivational Activities	Bridge Material (Vidyaprvash)	Bridge Material	Bridge Material	Assamese (Lang-1)	<input type="checkbox"/> Mor Desh Bhal <input type="checkbox"/> Manohar Majoloi <input type="checkbox"/> Kapur Kenekoi <input type="checkbox"/> Ashil	<input type="checkbox"/> Asom Amar <input type="checkbox"/> Rupohi <input type="checkbox"/> Pakhi aru <input type="checkbox"/> Manuh
				Mathematics	<input type="checkbox"/> Shapes and Spatial Understanding <input type="checkbox"/> Number	<input type="checkbox"/> Numbers and Operations <input type="checkbox"/> Angle
				English (Lang-2)	Oh, Look at the Moon	All Things Bright and Beautiful
				Environmental Studies	Plants	<input type="checkbox"/> Our Environment <input type="checkbox"/> Living Beings and Environment

In this month, teacher will ask the students of Ka-Shreni to do some motivational activities like self introduction, conversation amongst themselves, games and sports, dance and music, observation of the environment, etc.

For classes I, II and III, the teacher will ask the students to do the activities listed in the bridge material and assessment will also be done as per the instructions given in those materials.

The following activities will be practised classwise by the teachers with the students of Ka-Shreni to Class-V maintaining a relation with the lessons taught throughout the month.

Activities related to Health and Physical Education

- Will sing song with gestures.
- Children will do light free hand exercises.
- Children will do exercise for balancing.
- Arrangements will be made for all to wash hands before and after meals.

Activities related to Art & Craft Education

- Children will learn to prepare paper garland, flower etc with waste materials.
- Children will make ladoos, pitha etc with clay.
- Children will develop concepts of musical instruments like dhol, khol, pepa, flute, etc. and use them in music.

Observation Days and other activities

1-8th April: Readiness Day

A variety of promotional activities should be organised amongst the students of Ka-Shreni to Class-V so that the children may be encouraged to come to school.

7th April: Teachers will explain the significance of World Health Day and contact the nearest health centre in advance to make necessary arrangements for health check-up of student and everyone related to the school.

10th April: The teacher will introduce the learners to the textbooks of the current Academic Year so that the students can adapt themselves to the usual environment of the school.

22nd April: Teacher will explain the significance of various issues related to Earth Day like prevention of plastic pollution & global warming, security of birds and public health, measures to reduce air pollution etc. Students will be encouraged to draw posters, write slogans, poems, stories on the said subjects and they will be encouraged to display them in school campus.

25th April: The students will be made aware of the causes & measures for prevention of Malaria in the morning assembly.

There will be lighting of lamps in the morning assembly explaining the significance of the Observation Day. The programmes related to the Observation Days will be organised after the mid-day meal lunch break.

The previous Social Science textbook for class VIII has been divided into two parts i.e a) History & Political Science b) Geography and Economics and are implemented from this Academic Session. The marks for each part has been determined as 50+50=100 for assessment.

Class days -	19
Sundays -	5
Other holidays -	6
Total no. of days in the month -	30
(Observation days: 3)	

Classwise Lesson/Unit distribution

Class VI to Class VIII

SUBJECT	CLASS-6	CLASS-7	CLASS-8

Activities to be conducted during the month of March

- The result declaration for grades V & VIII should be done within the first week of this month. The students who will be unable to perform as per the expected outcome, teachers need to make necessary arrangements for rigorous and continous supplementary/remedial teaching for them. The teachers should also provide these students the opportunity to reappear in the exam within the time period of two months.
- The second week of this month to be used for the preparation of report cards and result declaration of the other grades
- Supplementary teaching (Class V & VIII)
- Admission of new children/New enrolment of student.
- Class-wise entry of names of the students in the register.
- Planning for comprehensive school development plan.
- Clearing of school campus (Cleanliness drive in school campus)

THE STEPS TO BE TAKEN FOR ASSESSMENT OF DIFFERENTLY ABLED STUDENTS

Some steps to be taken for the differently abled students are mentioned below-

1. Extra time may be provided, as per the needs of the child. Breaks may be allowed during this time to counter fatigue.
2. Use of devices to be allowed as per the individual needs of the child e.g. calculators, abacus, Braille, Taylor Frame communication board, slant boards, pencil/pen grips etc.
3. Assessment procedures may include objective type questions, instead of essay type questions for children with difficulties in language acquisition, questions to be modified e.g. questions with simple language.
4. Question papers should be provided to children with visual impairment in Braille/large print.
5. For children with special needs as far as possible, marks should not be cut for punctuation, spelling and grammatical errors
6. The oral directions should be written on the board during exams.
7. If required a scribe may be provided.
8. For children with Cerebral Palsy the paper/answer sheet provided should be thick enough (as children with cerebral palsy at times use lot of pressure while writing)
9. The difficulty level of the questions framed for evaluation of children with mental retardation should be at the child's level of understanding.

Observation Days and other activities

4th March: The Teacher will discuss briefly about child safety and create awarness on the same in the morning assembly.

22nd March: The Teacher will explain briefly about the significance of the observation of the water day in regard to water conservation. Different posteres, slogans, drawings etc prepared by the students shall be hanged in the school premises and easily accessible places.

Progress Report	
Preparation days	- 12
Academic planning days	- 10
Result Declaration Days	- 2
Sunday	- 5
Other Holidays	- 2
Total no. of days in the month	- 31
(Observation days: 2)	

Activities to be conducted during the month of March

- Lesson planning
- Supply and distribution of free textbook
- Clearing of school campus, toilets, mid-day meal kitchen shed, water reservoir etc. in collaboration with local member, society, parents, mother group, teacher, students.
- Encourage local society to contribute (financially/other) the voluntarily to the school and maintain proper record of all kinds of contribution received from various sources.
- Specially skilled persons from the society such as farmers, livestock breeders, fishermen, carpenters, artisans, environmentalists, musicians, cooks, folk artists will be invited to the school. Encourage everyone by highlighting the excellence of these persons in the presence of students and parents.

USE OF GRADES IN ASSESSMENT

As per CCE, there should not be much emphasis on grade/marks. But in our state unlike the previous year, this year also grade/marks system will be continued until there will be a complete change in the assessment system. Moreover for the convenience of the teacher, since the academic session 2022-23, 5 numbers of grade are using instead of earlier 7 numbers of grade.

Grading at the elementary level is to be done as follows :-
(A) For Scholastic Areas

Grade Level	Description of Grades	Percentage of grades
Grade A+	Excellent	(91-100%)
Grade A	Outstanding	(81-90%)
Grade B	Very good	(61-80%)
Grade C	Good	(41-60%)
Grade D	Need improvement	40% or below

Determination of Grade: $\frac{\text{Total Marks scored in all subjects}}{\text{Grand Total (including all subjects)}} \times 100$

(B) Personal-Social Qualities

Teachers need to provide qualitative statement about what and how the child is learning. The strengths of the child has to be highlighted along with the aspects that need improvement. The teacher may use sentences like "The child needs extra care in this aspect" instead of "The child is weak in this aspect."
